Subtle design

Thanks to the use of thin side panels, the drawer becomes light and elegant.

Free access

The full extension allows access to the entire contents of the drawer.

Load resistance

The drawer has a high load capacity of up to 40 kg, allowing it to be used even with wide drawers.

Universal colour scheme

Available in classic white and trendy anthracite.

SOFT CLOSE SYSTEM

Soft closing

The use of a soft-close system ensures comfort at any time of the day.

Design freedom – 4 heights to choose from

All-purpose application

The AXIS PRO drawer system is a solution for every type of interior. We provide a wide range of design options, including 4 heights of standard and internal drawers.

Trendy design

The drawer side panel, only 14 mm wide, gives the drawer a simple and modern look, and the system finish in white while white and anthracite colour finishes will help creating many unusual arrangements

Comfortable working and use

The new mechanism increases the operating performance of the drawer and guarantees best running action. AXIS PRO has also a simple 2 plane front adjustment – vertical and horizontal, which increases the comfort of the system installation.
